

**MARÍA TERESA GAMBA: CURRÍCULUM VITAE**

**SENIOR GEOLOGIST.**

**MINING: PROSPECTION, EVALUATION AND DEVELOPMENT.**

**EARTH SCIENCES SPECIALIST, ENVIRONMENTAL MANAGEMENT.**

**DISASTER RISK MANAGEMENT, DISASTER RISK REDUCTION SPECIALIST. HCT.**

**EARLY RESPONSE AND POST CRISIS RECOVERY.**

**PERSONAL DATA**

Last name: Gamba

Name: María Teresa

Date and place of birth: July 4, 1961 in Salta, Argentina.

Nationality: Argentinean

Address: 25 de Mayo 1634. Tigre. Buenos Aires. Argentina.

Telephone: +60 173 491086 (WhatsApp)

+54 9 1163581126 (Mobile)

+54 11 4506 9179 (Home)

Skype: Maria Teresa Gamba

E-mail: [mtgamba@hotmail.com](mailto:mtgamba@hotmail.com)

**ACADEMIC BACKGROUND**

- Master in Geological Sciences, University of Buenos Aires, Argentina, 1987
- PHD THESIS, "Geology and genetic aspects of Los Guindos Scheelite District, Córdoba Province, Argentina", University of Buenos Aires, Argentina. 2007
- Master in International Conflict and Resolution. National University of Tres de Febrero. Buenos Aires. Argentina. 2010.
- Bachelor in Business Administration. 1980. Carlos Pellegrini
- Post-graduated study: The Solid and Fluid Earth, 1988. University of Miami. United States of America.

**LANGUAGES**

Fluent in Spanish and English.

Fair: Italian, French and Portuguese.

**PRESENT PROFESSIONAL POSITION:**

**November 2016 to date:** Manager in Mining, Geological, Petrophysical and Environmental Area. Sinectica Associated Consultants LLC.

**October 2017 to date:** Prospective mining studies and evaluation in Lincoln, Otero County, New Mexico. USA.

## Program Manager: Mining and Environmental Studies Experience

### 2009-2011

Name of employer: San He Hope Full Grain Ltd.

Project: Zapla Iron Mines. Economic and Environmental Evaluation for Rehabilitation.

Location: Jujuy State. Argentina.

Name of employer: SinoRosa Resources.

Project: Mine Projects: Economical and Environmental Analysis. Doña Elena, Las Gatas, La Labor, El Daivies, etc. Heavy metals mines.

Location: Jalisco and Colima States. Mexico.

### 2007-2008

Name of employer: Gulf Coast Environment, Inc.

Project: Arco Iris Iron Mine. Economic and Environmental Evaluation.

Location: Jalisco State. Mexico.

Name of employer: SinoRosa Resources.

Project: Mine Projects: Economical and Environmental Analysis. Doña Elena, Las Gatas, La Labor, El Daivies, etc. Heavy metals mines.

Location: Jalisco and Colima States. Mexico.

### 2005-2006

Environmental Impact Statement. El Portón oil field Project. Neuquén, Argentina.

### 2004

Environmental Impact Statement. Calcatreu gold Project. Patagonia Argentina.

### 1995-1998

Personalizar S.A. Environmental Impact Evaluations Expert: Air, Soil, water, geomorphology, stratigraphy and mining studies. Professional License Number: 1070. Some evaluated enterprises: Akapol (Poxipol), Gattic S.A (Adidas), Demibell (Caro Cuore), Virulana S.A., Cintolo Hnos., Cidec S.A., Azyder SACIFI, CueroSur, Parmalat S.A., Sancor, Lacterías Suiza, Okebon S.A., Agancaissa S.A., Kimberly Clark SA, etc.

## PROFESSIONAL POSITIONS OIL/GAS RELATED

- 2008 to 2015: Manager in Geological, Petrophysical and Environmental Area. Sinectica Associated Consultants.
- ❖ 1999-2000: Geological Hazards and Geological Risks Mapping Expert. Works performed for Aeroterra S.A., TGS and Transener (Argentina) on pipelines and high voltage electric lines. Geological and Environmental Risk Evaluations by GIS.
- ❖ 1996-1997: Geological Hazards and Geological Risks Mapping Expert. Works performed to Aeroterra S.A., YPF (Argentina), Maxus (Venezuela) on pipelines and oil deposits. Geological and Environmental Risk Evaluations by GIS.

## PROFESSIONAL POSITIONS AT UNITED NATIONS

October 2015-October 2016: UNDP Malaysia. Disaster Risk Reduction Specialist. UNV Support to enhancing capacity of United Nations Plan of Action on Disaster Risk Reduction for Resilience in South and East Asia and Pacific Project ID (Award): 00084544 Regional - Asia-Pacific.

2014: Short listed for Program Manager Argentina. UNDP.

2003: Project title: UNV/WHI Support to Czech Republic in activities of soil reconstruction after the floods occurred in August 2002

Country: Czech Republic

Duty Station: Prague, Bohemia, Moravia

Roster No: 262049. Project No: CEH03VO1

Outputs:

Finalized Project document Technical Report on Czech Republic environmental situation after 2002 major floods". Argentinean Geological Survey and White Helmets Library. Pp 65.

Conducted seminars on the Project with identified stakeholders in round tables and courses.

2001: Project title: Drought Proofing Through Watershed Development and Eco-Regeneration for Vulnerability Reduction.

Country: India

Duty Station: Bhuj – Gujarat

Roster No: 262050 Project No: INDR0198

Outputs

Finalized Project document: "Drought Proofing through Watershed Development and Eco-Regeneration for Vulnerability Reduction". Argentinean Geological Survey and White Helmets Library. Pp 110.

Conducted seminars on the Project with identified stakeholders in round tables and courses.

Short-Listed for the following Posts:

2007: United Nations Volunteers (UNV) Hazardous Waste Specialist "National Framework for Solid Waste Management and action plan for Hazardous Waste Disposal in Libya" Post Code: 00055477–2.

UNITED NATIONS SPECIALIST for Disaster Risk Management post in Vanuatu. Post Code:

VAN/R/0010

2008: United Nations Development Program (UNDP)

"Preparatory assistance capacity development for disaster risk reduction".

International consultant. Type of contract: SSA.

Trinidad and Tobago. Port of Spain.

October 2008

#### **Program Manager: Disaster Management Experience**

- ❖ 2004-2008: Patagonian Environmental and Polytical Research: renewable energy (winds, solar, bio, hydro, geotherrmal, wave, tidal). Perito Moreno Goverment.
- ❖ 2003-2004: Neuquén River. Contamination with heavy metals. Analysis, maps and conclusions.
- ❖ 2001-2002: Trevelin City. Toxicity in environmental sites.
- ❖ 2002-2001: Rosario Lake. Patagonia Argentina. Eutrophication causes and solutions.
- ❖ 1999-2000: Geological Hazards and Geological Risks Mapping Expert. Works performed for Aeroterra S.A., TGS and Transener (Argentina) on pipelines and high voltage electric lines. Geological and Environmental Risk Evaluations by GIS.
- ❖ 1996-1997: Geological Hazards and Geological Risks Mapping Expert. Works performed to Aeroterra S.A., YPF (Argentina), Maxus (Venezuela) on pipelines and oil deposits. Geological and Environmental Risk Evaluations by GIS.

### **Social Studies**

2000-2006: Social and Political Program in Patagonia: Working with “mapuches” groups building natural camps for tourists. Teaching how to protect of natural environments against eutrophication. Workshop on garbage management, on groundwater protection, on coastal erosion, etc. UCA. Buenos Aires, Argentina.

### **Prizes, Scholarships**

*UNESCO: First International Forum on the Social Science - Policy Nexus. February 2006*

Association of Geoscientists for International Development. William Greenwood Scholarship Fund. May 1996.

### **Teaching Activities**

- ❖ 2005-2008: Lecturer in “International Negociation and trading”. UCA. Argentina.
- ❖ Patagonian Environmental and Polytical Research: renewable energy (winds, solar, bio, hydro, geothermal, wave, tidal). National University of Buenos Aires.
- ❖ 2000: Lecturer in “Environmental Mining Problems”, University of La Plata, Argentina.
- ❖ 1997-1998: Lecturer-Coordinator in “Geography”. University of Moron, Argentina.
- ❖ 1995-2001: Lecturer in “Mining Risks”. University of Moron, Argentina.
- ❖ 1996-2001: Lecturer in “Atmospheric Contamination Control”. University of Moron, Argentina.
- ❖ 1995-1998: Teaching Assistant of “Ore Petrography” and “Economic Geology”, University of Buenos Aires, Argentina.
- ❖ 1994-1995: Lecturer in “Physical Geography and Geology”. University of Moron., Argentina.
- ❖ 1992-1993: English instructor/Translator, Cardenal Stepinac College. Buenos Aires. Argentina.
- ❖ 1991-1995: Assistant Professor Soil Mechanics, Ingeneering Faculty, University of Moron, Argentina.
- ❖ 1985-1990: Our Lives Foundation (and others). Major achievements: technical support and instructor in the development of soil-brick factories to poverty rural communities in Buenos Aires, Argentina.
- ❖ 1993-1995: National Council of Scientific Research (CONICET). Argentina. Senior researcher.
- ❖ 1990-1995: Director of the Laboratory of Soil and Materials Mechanics. Engineering Faculty. University of Morón, Argentina.
- ❖ 1984-1987: Economic Geology Teaching Assistant, University of Buenos Aires,Argentina.

### **FIELD EXPERIENCE**

Worked as DRR Specialist and environmental geologist in:

- Malaysia
- Mexico
- Czech Republic.
- Barcelona. Spain.
- Peru. Puno.
- India. Bhuj. Gujarat State. Kachchh area.
- Venezuela (Amazonas Jungle, Caracas City in El Avila National Park)
- Chile (Atacama desert).
- Brazil (Porto Allegre and Recife).
- Argentina: in 10 states.

### **Mining Studies**

**Metallogenic Districts Studies :** Tungsten and gold at Córdoba Province, Gold in Patagonia, Uranium in Patagonia. Iron in Jujuy.

**Mine Studies:** Gold in Neuquen and Jujuy, Barite in Neuquen, Scheelite in Cordoba, Stone and soil quarries in Buenos Aires.

### **GIS SKILLS**

Studies at University of Miami, University of Buenos Aires and Aeroterra® S.A.  
Experience in: Erdas, Airmapper, Arc Info, Arc View, Arc Explorer, MapInfo, Idrisi.

### **RESEARCH PROJECTS**

2001-2003: Environmental Impact Evaluation of the Pinturas River, "Painted Hands Caves" Archeological Site, Santa Cruz Province, related with a probable mining exploitation. University of Morón, Argentina.

1997-2000: Co-director " Mercury contamination in natural environment due to gold mining. Neuquen River Case, Neuquen Province. Argentina". University of Morón

1997-1998: Environmental Impact Evaluation of the PIBAM (Industrial Park Buenos Aires-Moron). Buenos Aires Government and National Education Bureau.

1997-1998: Auto sustainable Recovery of soil and stone quarries in the NW of Buenos Aires Province. Buenos Aires Government and National Education Bureau.

1993-1997: "Metallogeny and prospection of metaliferous ores related to Eastern Pampean Ranges basement (W, Cu, Au, Ni, Co, Cr, Fe,Ti, Pt)". UBA-CYT 91-93 Grant, University of Buenos Aires.

1991-1993: Metallogeny of metaliferous ores related to mafic-ultramafic rocks in Center - Western of Cordoba Province (W, Cu, Au, Ni, Co, Cr, Fe,Ti, Pt)". UBA-CYT 91-93, University of Buenos Aires.

### **Argentinean Geological Survey**

- a. 2004-2008: Posadas Geological Sheet (Corrientes and Misiones Province. 1:250.000. Project Manager.
- b. 2001-2003: Villa de Soto Geological Sheet (Córdoba Province). 1:100000. Project Manager.
- c. 1999-2000: Los Altares Geological Sheet (Chubut Province). 1:250.000. Project Officer.
- d. 1998-2000: Pampa de Olaen Geological Sheet (Córdoba Province). 1:100.000. Project Officer.
- e. 1998-1999: Los Gigantes Geological Sheet (Córdoba Province). 1:100.000. Project Officer.
- f. 1998-1999: Argentinean Geological Survey (SEGEMAR). Geothermal Projects Division.
- g. 1999-2010: Argentinean Geological Survey (SEGEMAR). Regional Geology Development and Mapping (IGRM). Works on: Regional Geological-Geomorphological Maps

### **Others**

1981-1985: Expert in Ores Exploration and Evaluation. Environmental and Natural Resources Bureau, Territorio Federal Amazonas, Venezuela. Project Officer.
